

AMAZED (2008)

Amazed at the Change

Rodney Griffin

Chorus

I'm amazed at the change
Overwhelmed at His power to save
Overcome by a love that stays
So amazed at the change
If you could see the man I was
Then you'd believe in a saving touch
That could reach down to where I was
You'd be amazed at the change

Verse 1

Saul was a walkin'
Traveling down a dusty road
Toward Damascus, bearing a heavy load
God broke through the darkness
Showed His love with a heavenly light
Saul said I've never felt this way
I'm amazed at the change

Verse 2

I was a sinner
Living without hope at all
Until the Savior listened and He heard my call
Changed me forever
Now the old things are passed away
No matter how long it's been
I'm still amazed

Tag

That could reach down to where I was,
You'd be amazed at the change
I'm amazed at the change

Keep Me

Doran Ritchey

Chorus

Keep me walkin' close to You
'Cause I know You walked this way before
Keep me lookin' up to You
'Cause I know You see when my heart is pure

Don't let me walk away from the things
That brought me to this place
God, I'm trusting You
Lord, keep me

Verse 1

When the closest to you is the farthest away
When the song in your night doesn't last till the day
Help me learn and trust in your grace
The trials get smaller when you show me your face

Verse 2

When you've given your best and it's not good enough
When your faith meets the test
And the answer won't come
I know I can trust you, you've led me along
So here's how I'm praying
I wanna be strong, Lord...

Broken But Blessed

Twila LaBar/Sue C. Smith

Verse 1

What was I thinking to think that this life
Of following Jesus would never be hard.
I'm here to tell you some days it's a battle
And I'm just one soldier fighting this war.

Chorus

I'm wounded but not beaten – down but not defeated
I'm weary but when I'm weary in Jesus there is rest
My heart is aching but open and I press on knowing
I may be broken but I am blessed

Verse 2

From the beginning believers who followed
They all paid the price of surrender to God
But all those who love Him could tell the same story
About what we are and all that we're not

TAG

My heart is aching but open and I press on
knowing
I may be broken but I am blessed....
I may be broken but I am blessed.

Just Stand

Doran Ritchey

Verse 1

Lookin' at the Red Sea
Don't know how we'll make it
Pharoah's army's closer
How we gonna shake 'em?
Moses, where's the God
We've heard ya talking about?
Moses goes before God
How you gonna help me?
All these people out here
Really wanna kill me
We've brought them out this far
How you gonna bring us out?

Chorus

(Just Stand)

God's seeing everything coming your way
He will take the stumbling blocks,
Make them stepping stones of grace
(Just Stand)
Don't turn around and go back the way you
came
When your heart is full of fear
Don't forget He knows your name
Just stand (Just stand)

Verse 2

Standing on the banks now
All the people trembling
Moses, sure afraid
Can he trust the God in heaven?
He raised his hand up high
Stretched it over the sea
God moved 'round behind them
Gave them some protection
They went across on dry land
Where the water had been
The army tried to follow

But the water fell on them

Bridge

Stand tall
Wait on the Father
Stand strong
He Knows your name

Call It What It Is

Phil Cross

Verse 1

When you consider the cross
Where the Savior bled and died for you
When you imagine the pull of His passion
To pay this price for you
You cannot find the words to say
For such a thing as this
You can't just call it what you want
So you call it what it is

Chorus

Call it amazing, call it grace
Call it a simple plan
God would take our place
Don't call it easy
There's nothing quite like this
Call it amazing, call it what it is

Verse 2

You may call it a gift
For it is a gift, God's gift to you
You may call it love
For it's truly love, God's love for you
You can call it the answer
A bridge for sin's abyss
You can call it everything
Call it what it is

Bridge

Amazing grace, how sweet the sound
That saved a wretch like me
I once was lost, but now I'm found
Was blind, but now I see

Music at Midnight

Rebecca Peck

Verse 1

There was joy in the jailhouse
Praise in the prison
That night Paul and Silas
Kept the hallelujahs ringin'
It seemed they were down and out
There was no mistakin'
The power of God was all around
When the chapels were shakin'

Chorus

God gives music at midnight
He says, "My child, it's gonna be alright."
So keep singin' through your circumstance
Victory is in sight
Music at midnight
Music at midnight

Verse 2

Don't despair in the darkness
Trust through your trials
That morning will come
And God is with you all the while
His peace like a melody
Will fill your heart with gladness
The song of faith and victory
No matter what happens

Bridge

When you call His all-sufficient grace
Is on the way
Lift your voice, rejoice
And give Him the praise
Give Him the praise

He's Been There Too

Rebecca Peck/John Robinson

Verse 1

The scene was so familiar
Outside Jerusalem's gates
As Stephen faced the angry crowd
Jesus heard him say
Words like he had spoken himself not long ago

As he looked on with compassion
He could almost feel the stones

Chorus

He's been there too, he felt the pain
He made it through to show the way
Fully surrendered because He knew
Joy was awaiting, he'd been there too

Verse 2

Your suffering has left you
With a shattered heart
It seems that there is no one
Who understands your scars
But Jesus is acquainted
With the grief that fills your soul
He is the man of sorrows
And He wants you to know

Bridge

Despised and rejected, wounded for our sake
He has gone before us so we will not lose faith

Tag

Fully surrendered
Because He knew
Joy was awaiting
He's been there too

That's What Love Does

Doran Ritchey

Verse 1

When those around you are hard to get to
It seems your words hit the wall
Just keep on livin' as one forgiven
They'll see God answer you
When on His name you call
Be sure that heaven is filled with praises
Each time one sinner finds the Lord
So just be faithful to share the Gospel
That's what love does

Chorus

Love does not end when people send
The truth away from their heart
Remember God knows how to reach them now

He'll give a brand new start

Verse 2

Think back to your time
The days in your life
You didn't need God at all
But he was faithful while saints were prayerful
You saw God answer them
When on His name they called
You were that sinner who met the Savior
You found His plan for you and me
You don't deserve it but He still gives it
That's what love does

Chorus

Love does not end when people send
The truth away from their heart
Remember God knows how to reach them now
He'll give a brand new start
Be sure that heaven is filled with praises
Each time one sinner finds the Lord
So just be faithful to share the Gospel
That's what love does

Why Wouldn't I

Doran Ritchey

Verse 1

People watching me wonder how it can be
I can trust in the One I can't see
How do I figure it out?
Is there ever any doubt
Someone higher is a lookin' after me?
With a smile on my face
I say it's hard to erase
Everything He's brought me through
If you have some time
There's something on my mind
Listen and I'll share it with you

Chorus

Why wouldn't I trust in a God who can take a
dead man

Bring him back to life after three days

Why wouldn't I believe in the One

Who can cleanse ten lepers

And send them all rejoicing on their way

If He rescued three men from the heat of the
journey

And another from the lion's den

Why wouldn't I believe He understands

Everything we face

And He's waiting to deliver us again (and again)

Verse 2

I see that look in your eyes you're acting full of
surprise

Does He care that much about you?

Don't try and figure it out

Give some rest to your doubt

There's a God and he's waiting on you

He wants to turn you around

Get your faith off the ground

And show you what He can do

Will you stand with me in spite of all the heat

Someone is needin' this truth (yeah)

Why wouldn't I believe

He Will Quiet You

Doran Ritchey

Verse 1

It's not supposed to be this way

You've trusted in His name

You've read his Word, He's promised you

His never-ending grace

But how does what your going through

Fit into a plan

How long must you reach out to Him

Before you feel His hand?

Chorus

He will quiet you

When all you have is nothing

Except your pain and suffering
He will quiet you
It doesn't mean that everything
Will suddenly be new again
With all your battles ended
Knowing what is best
He may still send the test
But with His love around your heart
He'll quiet you

Verse 2

Your friends with good intentions
Have listened to your pain
They come to you with answers
But mysteries remain
Turn to God, He'll comfort you
And He wants you to know
He's so near that you can hear
Him whisper from your soul

Into the Water

Michael Wiebe

Verse 1

Into the water, down to the grave
Drawn by the Spirit, my soul to save
Old life behind me, new life begins
Jesus, my Savior, now reigns deep within

Chorus

And I was dead, but now I'm alive
Was lost, but now, I've found the Door
Was bound by chains of my own making
But now, through Christ, I'm free evermore

Verse 2

Praise to the Father, praise to the Son
Praise to the Spirit, who makes us all one
My sins are forgiven
I'm free, praise His name
New life for the living and Heaven to gain

Verse 3

One day I'll stand before God the Father
The battle is over, the victory is won
I will rejoice that I've been through the water
I am redeemed; I'm saved by the Son
